

IEEE IoT XMPP Training Course

Hosted at Yanbu Research Center (YRC)

April 21-24, 2019

Yanbu Industrial City, Saudi Arabia

Movenpick Hotel & Resort

This four-day course provides students with knowledge of IEEE IoT XMPP (eXtensible Messaging and Presence Protocol) Open Source Standard. The course introduces attendees to the key IoT protocol bridging, data sharing and protection of privacy. The course includes hands-on labs to gain knowledge for a Smart City development and IoT Harmonization.
